# SPECIALTIES.

## Preparations of Malt Extract.

The following combinations are prepared from the finest selected fresh Canada Malt, and will be found elegant and effective remedies.

	In Pint Bottles per Doz
Malt Extract.....	\$8 00
Malt Extract, with Hops.....	8 00
Malt Extract, with Alternatives.....	8 00
Malt Extract, with Cascara Sagrada.....	10 00
Malt Extract, with Cascara and Berberis Aquifolium.....	10 00
Malt Extract, with Cod-liver Oil and Phosphorus.....	8 00
Malt Extract, with Cod-liver Oil.....	8 00
Malt Extract, with Cod-liver Oil and Iodide Iron.....	8 00
Malt Extract, with Beef, Iron and Wine.....	8 00
Malt Extract, with Hypophosphites.....	10 50
Malt Extract, with Iodides Comp.....	10 50
Malt Extract, with Iron Protochloride.....	9 00
Malt Extract, with Pepsine.....	12 00
Malt Extract, Ferrated.....	8 00
Malt Extract, Ferrated with Quinine.....	12 00
Malt Extract, with Lacto Phosphates.....	10 50
Malt Extract, with Lacto Phosphates and Pepsine.....	14 00
Malt Extract, with Pepsine and Bismuth.....	14 00
Malt Extract, with Pepsine and Strychnia.....	14 00

## Pepsine. (Saccharated.)

A very uniform and efficient preparation. Prepared with sugar of milk to a fine powder, and assayed that five grains will digest, in an acidulated solution, sixty grains of coagulated albumen, in from four to six hours, which corresponds to the digestive power of half an ounce of human gastric juice.

In 1 oz. vials, per oz.....	45
In bulk in pound bottles, per lb.....	6 50

## Chlor-Anodyne. (Not Patented.)

A combination of Morphia (Muriate), Cannabis Indica, Prussic Acid, Chloroform, Oil Peppermint and Capsicum. An efficient and elegant remedy for colics, cholera morbus, neuralgia, spasmodic pains, etc. It is of great value where antispasmodics or anodynes are indicated. Concentrated in form and rapid in action, it is invaluable in the pocket cases of physicians.

In 1 oz. c. b. per doz., \$5.00; 1 lb. c. b. per lb.....	6 00
--	------

## Dialyzed Iron.

Each fluid ounce contains 31.24 grs. Ferric Oxide, or 21.86 grs. metallic Iron.

This preparation is probably the most valuable of the solutions of iron. Free from disagreeable taste, having no injurious action on the teeth, stomach or bowels, it is suited to cases where other forms of iron are not tolerated. It is also an antidote for arsenical poisoning.

In 1 lb. c. b., per lb.....	50
-----------------------------	----

## Dialyzed Iron. (Glycerated.)

The therapeutical merits of Dialyzed Iron, and its superiority over all other ferruginous preparations, are now universally admitted. It, however, has the disadvantage of great liability to congeal under exposure to low degrees of temperature, thus rendering its transportation during the winter months very hazardous and unprofitable. To overcome this difficulty, we have been induced to issue a preparation of this article, known as our GLYCERATED DIALYZED IRON, which is a solution of the peroxide of iron, rendered perfectly pure and neutral by careful dialysis with distilled water, and united with a small percentage of chemically pure glycerine, which prevents it from congealing, and permits its shipment in any weather with perfect safety. It is also more permanent, as it will not gelatinize or mold.

The dose of this preparation is the same as of the ordinary dialyzed iron, viz.: from 5 to 30 drops, containing five per cent of peroxide of iron. The slight additional cost of this article will not, we think, be considered an objection, as the dispenser obtains a permanent, and the consumer a more palatable preparation than that prepared by the old method.

In 1 lb. c. b., per lb.....	56
-----------------------------	----

# Table of Contents.

In order to make the arrangement of our Price List more clear, the following articles are subject to a discount; those within each bracket being classed together and subject to the same deduction. Our terms and discounts will be given on application, stating the amount each purchaser wishes to obtain.

Gurjun Balsam .....	3d cover page.

# NEW REMEDIES.

Our connection with the prior introduction of the following new remedies is now so well established that further allusion to the subject is rendered unnecessary. We desire, however, to state that, having introduced these drugs, *we are sure that our stock is genuine.* That many spurious varieties are on the market there is no doubt, and we would advise purchasers that though other preparations bearing the same names may be bought at less than our prices, yet it may be more economical and satisfactory in the end to secure those of which there can be no doubt. In conclusion, we request our friends to insure the identity of the preparations they order by specifying particularly "Parke, Davis & Co.'s," and carefully examining the labels and cap on each bottle.

*Send for our special descriptive circular of every drug on this list, for further information as regards botanical and therapeutical properties.*

## PRICE LIST.

### Fluid Extracts.

PRICES NET.

It will be noticed that the following Fluid Extracts have been erased from our regular list, and the prices so reduced as not to admit of the usual discount.

List Price  
per Pound.

**Ailanthus Glandulosa**..... \$1 90

First introduced by us. Said to be anti-spasmodic and muscular depressant. Used in epilepsy, palpitation of the heart, asthma, hiccough and dysentery.

**Areca Nuts** ..... Areca Catechu..... 2 70

First introduced by us. Strongly astringent. Used by Dr. Morris, of England, in tapeworm.

**Bay Laurel Leaves**..... Myrciæ Acris..... 1 80

Prepared from the fresh leaves.

This fluid extract is intended only for making Spirit of Myrciæ, or Bay Rum, and will enable the pharmacist to produce a preparation equal in every respect to the high-priced imported article, at a very small cost.

**Bearsfoot**..... Polymnia Uvedalia..... 1 80

First introduced by us. For enlarged spleen.

**Berberis Aquifolium**..... 3 00

A new California drug, now introduced by us, possessing extraordinary powers as a combined alterative and tonic. Dr. Bundy pronounces it an almost unfailing remedy in syphilitic and scrofulous diseases, salt rheum, etc.

**Boldo Leaves**..... Peumus Boldo..... 4 50

First introduced by us. A new South American tonic. In France, it has been employed especially in cases where there had existed chronic hepatic torpor, and in cases of atony of various organs where quinine could not be tolerated.

Dr. Zaremba recommends boldo in gonorrhœa, rheumatism and dyspepsia.

**Buckeye Bark**..... Æsculus Glabra..... 1 20

Used in congestion of the liver and uterus, hemorrhoids, and habitual constipation.

**Button Bush**.. ..... Cephalanthus Occidentalis..... 1 20

First introduced by us. For diseases of the air passages.

**Cancer Root**..... Orobanche Virginiana..... 1 80

Astringent. Used in hemorrhages and diarrhœa.

**Cascara Sagrada**..... Rhamnus Purshiana..... 3 50

Introduced by us. This drug has long been known to the Spanish residents of the Pacific coast as a sovereign remedy for habitual constipation and dyspepsia, and will prove one of the most valuable of recent additions to our Materia Medica.

**Cedron Seed**..... Simaba Cedron..... 6 00

From New Granada. Now introduced by us. Tonic, anti-spasmodic and anti-periodic. Used in malarial diseases, spasms of the stomach and bowels, dyspepsia, colic, neuralgia and poisonous bites.

# New Remedies.

## Fluid Extracts—Continued.

List Price  
per Pound.

**Cereus Bonplandii**..... \$7 50

Dr. Kunze writes concerning this drug that it stands unrivaled in the influence it exerts in functional as well as organic diseases of the heart.

**Cereus Grandiflorus**..... 6 00

Our fluid extract is prepared from the *fresh flowers* (not the *plant* as usually employed), and is recommended in cardiac affections.

**Coca Leaves**.....Erythroxylon Coca..... 3 00

A powerful nervous excitant, resembling tea and coffee.

**Coto Bark**.....Botanical name unknown..... 6 00

From Bolivia. First introduced by us. Dr. Von Guk, of Hamburg, concludes, after several trials of this drug, that it is almost a specific against diarrhœa in its various modifications. It is also recommended in dysentery, cholera morbus, colic, gastric catarrh, neuralgic toothache, rheumatism and gout.

**Damiana**.....Turnera Aphrodisiaca..... 2 40

Aphrodisiac, for sexual debility.

**Eucalyptus Globulus**..... 2 40

First introduced by us. Our fluid extract is prepared from selected leaves, and is especially recommended in malarial diseases, croup, diphtheria, catarrh, etc. It also has valuable powers as an antiseptic wash in offensive discharges from the vagina, uterus, ulcers, etc.

**Evening Primrose**.....Oenothera Biennis..... 1 80

Used in respiratory and gastric troubles.

**Five-Flowered Gentian**...Gentiana Quinqueflora..... 3 30

First introduced by us. A valuable tonic and antiperiodic. Used largely as a substitute for quinine.

**Folia Carobæ**.....Jacaranda Procera (Sprengel)... 3 50

A new alternative from Brazil, which is now attracting the notice of the Profession in Germany. In addition to powerful alterative properties, it ranks as a diuretic and sudorific of value. Used in all forms of syphilis, but especially for old and indolent ulcers.

**Fucus Vesiculosus**..... 1 50

First introduced by us. An anti-fat remedy of great merit.

**Great Laurel**.....Rhododendron Maximum ..... 1 20

Introduced by us. Dr. Mulholland recommends this plant highly in obstinate coughs.

**Grindelia Robusta**..... 2 40

From the Pacific slope. Since this drug was first introduced by us, it has earned for itself the reputation for almost specific curative action in asthma.

NOTE.—There are several false varieties of this plant, which are offered as genuine. Physicians will readily perceive the difference in the taste of the fluid extract, as compared with our preparation of the *true* plant.

**Grindelia Squarrosa**..... 2 40

From California. First introduced by us. An excellent and efficient remedy in malarial diseases, enlarged spleen, etc.

**Guaco Leaves**.....Mikania Guaco..... 2 40

First introduced by us. Used in Cholera, diarrhœa, chronic rheumatism, etc.

**Guarana**.....Paullinia Sorbilis..... 3 75

For sick headache, etc.

**Indian Black Root**.....Pterocaulon Pycnostachium .... 1 80

Now introduced by us. Used largely among the Indians as an alterative.

**Jaborandi**.....Pilocarpus Pennatifolius..... 2 40

From Brazil. A powerful sudorific and sialagogue. Used in acute rheumatism and bronchitis, diabetes mellitus, pneumonia, etc., etc.

**Kamala**.....Rottlera Tinctoria..... 3 00

First introduced by us. For the cure of tape worm.

# New Remedies.

## Fluid Extracts—Continued.

	List Price per Pound.
<b>Kava Kava</b> .....Piper Methysticum.....	\$2 40
From the Sandwich Islands. First introduced by us. An efficient and agreeable remedy in gonorrhœa, gleet, rheumatism and gout.	
<b>Kooso Flowers</b> .....Brayera Anthelmintica.....	2 40
For expulsion of tape worm.	
<b>Magnolia Acuminata Flowers</b> .....	3 00
First introduced by us. Used in dyspepsia and malarial diseases.	
<b>Mango</b> .....Magnifera Indica.....	4 00
Recommended for nasal catarrh, diarrhœa, dysentery, and an inflamed condition of the vagina and uterus.	
<b>Manzanita Leaves</b> .....Arctostaphylos Glauca (Lind)...	2 40
A well-known California remedy, and introduced by us to the Eastern States. Manzanita is astringent, sialagogue and tonic in its effects, with a specific direction to the urinary organs. Recommended in diabetes, catarrh of the bladder, incontinence of urine, gleet, leucorrhœa, menorrhagia, etc.	
<b>Mistletoe</b> .....Phoradendron Flavescens.....	1 20
Dr. Long recommends this plant as an oxytocic, and claims for it many advantages over ergot—particularly that it acts more promptly and surely.	
<b>Musk Root</b> .....Sumbul.....	3 75
A powerful nervous stimulant.	
<b>Paraguay Tea</b> .....Ilex Paraguayensis.....	1 80
First introduced by us. A powerful nervous stimulant.	
<b>Penthorum Sedoides</b> .....	2 40
First introduced by us. For pharyngitis and chronic nasal catarrh.	
<b>Pulsatilla</b> .....Anemone Pratensis.....	1 50
For amaurosis, syphilis, whooping cough, etc.	
<b>Quinine Flower</b> .....Sabbatia Elliottii.....	2 70
From Florida, now introduced by us. This plant possesses strong antiperiodic properties, and was largely used by the Southern army during the late war, as a substitute for quinine, on account of the high price and scarcity of the latter.	
<b>Sabbatia Stellaris</b> .....	2 40
Indigenous. A new tonic and antiperiodic of merit. Useful in convalescence from fevers and debility of any form.	
<b>Sandal Wood</b> .....Santalum Album.....	3 00
First introduced by us. Used in gonorrhœa, gleet, etc.	
<b>Shepherd's Purse</b> .....Capsella Bursa Pastoris.....	1 20
An indigenous plant, now being brought forward as an active diuretic; possessing also tonic and stimulant powers. Dr. Harrison recommends it in any form of kidney affections. Dr. Kissel has used it advantageously in chronic diarrhœa, dropsy of the abdomen, etc.	
<b>Sundew</b> .....Drosera Rotundifolia.....	3 00
First introduced by us. For pertussis, asthma, dyspepsia, etc.	
<b>Urtica Dioica</b> .....	1 20
First introduced by us. A pure and powerful diuretic.	
<b>Ustilago Maidis</b> .....Corn Ergot.....	1 75
First introduced by us. A substitute for Ergot of rye.	
<b>Viburnum Prunifolium</b> .....Black Haw.....	1 20
First introduced by us. For the prevention of abortion.	
<b>Yerba Buena</b> .....Micromeria Douglassii (Benth.)	2 40
A recent introduction from California, which is much used in that section for its anthelmintic, febrifuge and emmenagogue effects.	
<b>Yerba Reuma</b> .....Frankenia Grandifolia.....	2 70
From the Pacific slope, now introduced by us. Dr. Bundy recommends the plant as highly beneficial in diseases of the mucous passages, especially in catarrh, acute and chronic, leucorrhœa, gonorrhœa and dysentery.	
<b>Yerba Santa</b> .....Eriodyction Californicum.....	2 70
From Northern California. First introduced by us. This drug is now a standard remedy in the Western States in bronchial and laryngeal disorders. Combined with Grindelia Robusta in form of syrup, it is very efficient in coughs.	

In ordering our Fluid Extracts, or other preparations, be particular to specify  
PARKE, DAVIS & CO.'S, as inferior preparations may be substituted.

# PARKE, DAVIS & CO.'S FLUID EXTRACTS.

No Heat Employed. Always Uniform and Reliable.

PUT UP IN ONE-POUND AND FIVE-POUND BOTTLES.

*A deduction of 10 cents per lb. from List Prices when ordered in bulk  
(5 lb. Bottles). No charge for containers.*

*When ordered in fractions of the pound, we add to List Prices per pound  
10 cents for half and 20 cents for quarter pounds.*

Our fluid extracts well deserve the commendations bestowed upon them by physicians throughout the United States. No trouble or expense has been spared to make them perfect in all the characteristics of this class of preparations. We pay particular attention to the following points, *i. e.*:

1. Selection of the best drugs, as regards condition and quality, which the market affords. Our extensive correspondence gives us great advantage in this direction.
2. Superiority of apparatus and process of manufacture.
3. Skill and careful attention throughout the manipulation.
4. No heat is employed in our process.

## NOTICE TO PHARMACISTS.

Having had frequent applications for formulæ books, we here state for the information of those interested, that a descriptive label is attached to each bottle of fluid extract, giving full directions for the preparation of tinctures, syrups, decoctions and other compounds from our fluid extracts. In addition is given the medicinal part and properties of the drug, its antidote (if poison), its synonyms, dose of fluid extract, etc.

Pharmacists will find this label more complete and convenient than a book.

## Sugar Coated Pills and Granules.

MANUFACTURED BY HAND.

The following list comprises most of the officinal and popular formulæ known to the Profession, to which we have added several new and valuable combinations. Our pills are made entirely by hand, from the purest materials, and are sugar coated by a method avoiding the use of heat above 90° F., without impairing either their efficacy or solubility.

For solubility, regularity of shape and beauty of finish they are excelled by none.

 Please observe that our pills are coated while the mass is yet soft,\* and will remain in same condition for years. To convince yourselves of this fact, and of their extraordinary solubility, please cut open a few of them—for instance, quinine, cinchonidia or blue, all of which are usually found on the market hard and insoluble.

Note also the rapidity with which the sugar coating is dissolved in the saliva.

Special formulæ made and coated to order, when desired, in lots of 3,000 or upwards.

 Be particular to specify the number of Pills desired, and whether in bottles of 100 or 500.

### Sugar Coated Pills.

## Pink Granules, Sugar Coated.

These granules are intended to supply the needs of physicians in such cases as require minute doses, or frequent repetition, for adults, or in complaints of children.

For the sake of beauty of appearance, and to distinguish them from our regular line of pills, we have applied a pink coating.

Specify P., D. & Co.'s *Pink Granules* on your orders and prescriptions.

## Solid Extracts.

We ask our medical and pharmacal friends to critically examine our Solid Extracts, as we claim for them the first rank as regards medicinal value and physical characteristics. Analysis has demonstrated the alkaloidal strength of our narcotic extracts as compared with the English and other American manufactures. See Amer. Journal Pharmacy, April, 1876.

Handsomely put up for market in flint glass jars (stained dark green), of a pattern convenient for general pharmacal purposes.

## Concentrations.

This list comprises the proximate medicinal principles of the several plants named, either combined in the form of powder, consisting of two or more constituents, or isolated in the form of a powdered alkaloid or resinoid. Owing to the liability of these articles to absorb moisture, they should be kept securely corked, and in a cool place.

 Put up in ounce bottles and bulk.

## ELEGANT

# Pharmaceutical Preparations.

We desire to call the attention of Pharmacists to the Preparations enumerated in this list.

Prepared with all the improvements which long practical experience and high medical authority can suggest, we offer them as combining with therapeutical value, agreeableness of taste, and elegance in appearance.

 Put up in pounds, half-gallons and demijohns.

N. B.—When ordered simply in "bulk" these articles will be sent in half-gallon bottles. If desired in four-ounce, one or five-pound bottles, or in demijohns, please specify.

## POWDERED EFFERVESCENT *Mineral Water Salts.*

For use in charging fountains and syphons, or for extemporaneous purposes. (For charging fountains, use six ounces of the powder for every ten gallons of water. To prepare a draught of any mineral water extemporaneously, place half a teaspoonful of the powder in a goblet and fill with water—an excellent imitation of the natural water.)

N. B.—The powdered Salts differ from the granular only in the fact that they contain no sugar, and are in a powdered state.

# WHITFIELD'S CAPSULE FILLER.

PATENTED DECEMBER 3, 1878.

The increasing demand for medicines to be dispensed in Gelatine Capsules, suggested the necessity of some less tedious and troublesome method than filling the Capsules by hand, which was so slow that customers frequently lost all patience in waiting for their prescriptions.

The machine here offered has been in constant use by the inventor for eight months, and its utility has been fully demonstrated. It is not liable to get out of order, is simple and easily operated, leaving little to be desired; and it is hoped that other dispensers may find it convenient and useful—a time and labor-saver worth many times its cost.

A much larger quantity of medicine can be packed in a Capsule of given size than by hand, because the cap and base are both filled, and the machine enables the Capsule to sustain considerable pressure, thus allowing the particles of powder to be forced into closer contact, and consequently occupy much smaller space.

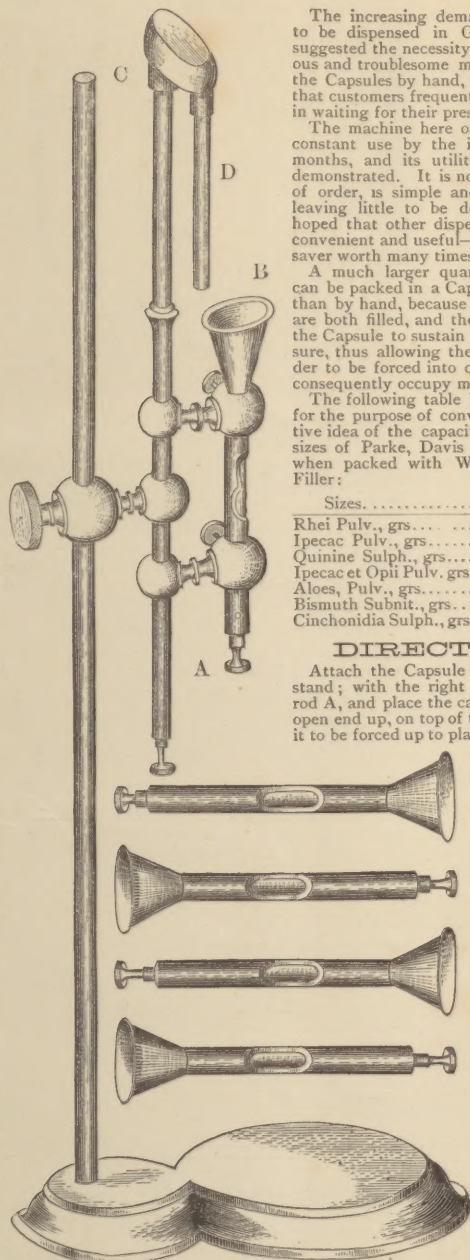

The following table has been compiled for the purpose of conveying a comparative idea of the capacity of the different sizes of Parke, Davis & Co.'s Capsules when packed with Whitfield's Capsule Filler:

Sizes. ....	0	1	2	3	4
Rhei Pulv., grs. ....	6	5	4	3	2
Ipecac Pulv., grs. ....	8	6	4	3	2
Quinine Sulph., grs. ....	8	6	4	3	2
Ipecac et Opii Pulv. grs. 10	8	7	6	5	
Aloes, Pulv., grs. ....	8	6	5	4	2
Bismuth Subnit., grs. ... 15	12	8	5	3	
Cinchonidia Sulph., grs. 8	6	5	3	2	

## DIRECTIONS.

Attach the Capsule Filler to a retort stand; with the right hand draw down rod A, and place the cap of the Capsule, open end up, on top of this rod, and allow it to be forced up to place. Drop into the

funnel B the desired quantity of medicine, see that it all passes into the tube, leaving the funnel clear. Drop the base or larger part of the Capsule, open end down, into the funnel. With left hand press on the finger piece C (do not turn it; it turns itself to place), at the same time with the right hand retain rod A up to place until the compression is completed, and the Capsule is filled and capped (a few trials will enable the operator to determine this quite readily). While the pressure is continued on finger piece C, draw

down rod A, and the filled Capsule will drop into the right hand. The funnels are easily removed by loosening the screws at right of machine, drawing out the funnel and inserting the size desired.

Price complete, adapted to five sizes of Capsules, \$15. Retort Stand, \$2 extra. All Nickel Plated.

THOMAS WHITFIELD, INVENTOR,  
240 Wabash Avenue, Chicago.

**PARKE, DAVIS & CO.,**  
Sole Agents for the Inventor. **DETROIT, Mich.**

## Nitrite of Amyl Pearls.

 Net prices, subject to market changes.

A serviceable method for the prompt administration of this valuable remedy. The pearls are shells of thin glass, each containing 2, 3, 4, 5, 8 or 10 drops of Nitrite of Amyl, packed in cotton wool, in boxes of 1 doz. The patient may carry the box about his person without inconvenience, and on the approach of the malady may crush a pearl in his handkerchief, and by inhaling the gas find prompt relief. It almost instantly increases the action of the heart, and affords great relief in angina pectoris, spasmodic asthma, epilepsy, syncope, etc.

The dose being nicely regulated in the pearls, the patient may be intrusted with the remedy, and thus be enabled to help himself when prompt action is necessary.

Price per box containing one doz. pearls of either 2, 3 or 4 drops..\$ 75  
 " " " " 5, 8 or 10 drops 1 00

# SPECIALTIES.

## Pepsine with Lacto-Phosphate Lime Lozenges.

Pepsine with Lacto-phos. Lime is one of the most effective remedies in flatulence, heartburn, torpidity after meals, water brash and other symptoms of indigestion.

Pancreatine, being rendered inert in the presence of pepsine, is not added to this formula. In the form of lozenges this combination will not only be found convenient and palatable, but of marked efficiency.

Per lb., \$1.50; per doz. boxes..... \$3 00

## Lactated Pepsine. (Not patented.)

An excellent and effective digestive combination, composed of Diastase Pancreatine, Pepsine, Maltose, Lactic Acid and Hydrochloric Acid, indicated in all forms of indigestion.

In oz. vials, per oz..... 50

In bulk, in pound bottles, per lb..... 7 00

## Pepsine Liquid Concentrated.

Prepared with glycerine, for cases where it is necessary to prescribe in solution, or with the addition of other agents.

In pint bottles, per doz..... 18 00

In half gallon bottles, per gallon..... 11 00

## Pepsine Aromatic Essence.

An agreeable solution of pepsine, where it is advisable to secure elegance in administration.

In 4 oz. vials, half dozen paper boxes, per doz..... 4 00

In pint bottles, per doz..... 15 00

In half gallon bottles, per gal..... 9 50

## Compound Yerba Santa Lozenges.

Composed of Yerba Santa, Tar, Wild Cherry and Senega.

An excellent and agreeable remedy in bronchitis, laryngitis, coughs, tickling in the throat, etc.

Per lb., 75c.; per doz..... 1 50

## Elixir Licorice Aromatic (Quinine Elixir.)

Used as a vehicle for the administration of quinine and other drugs characterized by a disagreeable flavor, the taste of which it completely covers.

Per doz., 16 oz..... 7 50

## Warburg's Tincture.

A well-known East India remedy for malarial fevers.

In 1 oz. c. b., \$5.00 per doz.; 1 lb. c. b..... 5 00

## Pancreatine (Saccharated.)

This article is obtained from the pancreas of the pig, and powdered with a certain proportion of sugar of milk for convenience and permanency.

Per oz., \$1.25; per lb..... 16 00

## Pure Cold Refined White Norwegian Cod Liver Oil.

Tasteless and without disagreeable odor.

We offer the profession an article of Cod-liver Oil which will be readily appreciated for its several valuable characteristics. It is made from fresh livers by a careful process, avoiding the use of heat, and removing all offensive taste and odor, and yet retaining unimpaired all the valuable therapeutical properties of this agent.

The United States Dispensatory states concerning Cod-liver Oil:

"There are three varieties known in the market, viz.: The WHITE or PALE YELLOW, the BROWNISH YELLOW, and the DARK BROWN; the pale being prepared from fresh sweet livers, the dark brown from livers in a state of putrefaction, and the brownish yellow from those in an intermediate state."

The disgusting odor and taste characterizing most of the articles in the market, are derived from the state of the livers selected, and the careless process of manipulation.

Put up in pint bottles; doz. boxes. Price per doz..... 7 00

## Distilled Extract Witch Hazel. (Hamamelis.)

c. b., 9—per pint..... 20

c. b., per gall..... 1 50

## Gurjun Balsam.

From India. Recommended highly as a substitute for Balsam Copaiba in gonorrhœa and gleet. It is worthy of trial. We have just received a large consignment of the Balsam, which we offer in the crude form—not fluid extract.

In pound bottles—c. b., 9, per lb..... 1 25
